

# Fort Detrick Environmental Management System

**EMS Program Manager**  
**Fort Detrick Environmental Management**

# Fort Detrick

## Environmental Management System

### Purpose

- Inform the EQCC of impacts to the installation by implementing an Environmental Management System (EMS)

### Requirements

- Executive Order 13148
- Department of Army Policy

### Goals

- Support and sustain installation missions
- Improve environmental awareness
- Become more proactive vs. reactive

# Fort Detrick Environmental Management System

“Our goal is to actively **promote mission readiness by continually upgrading environmental performance** across Army installations. We want to improve the way environmental management supports the Army’s mission. Therefore I am directing that Army installations adopt the internationally recognized management system standard, **ISO 14001, as a goal.**”

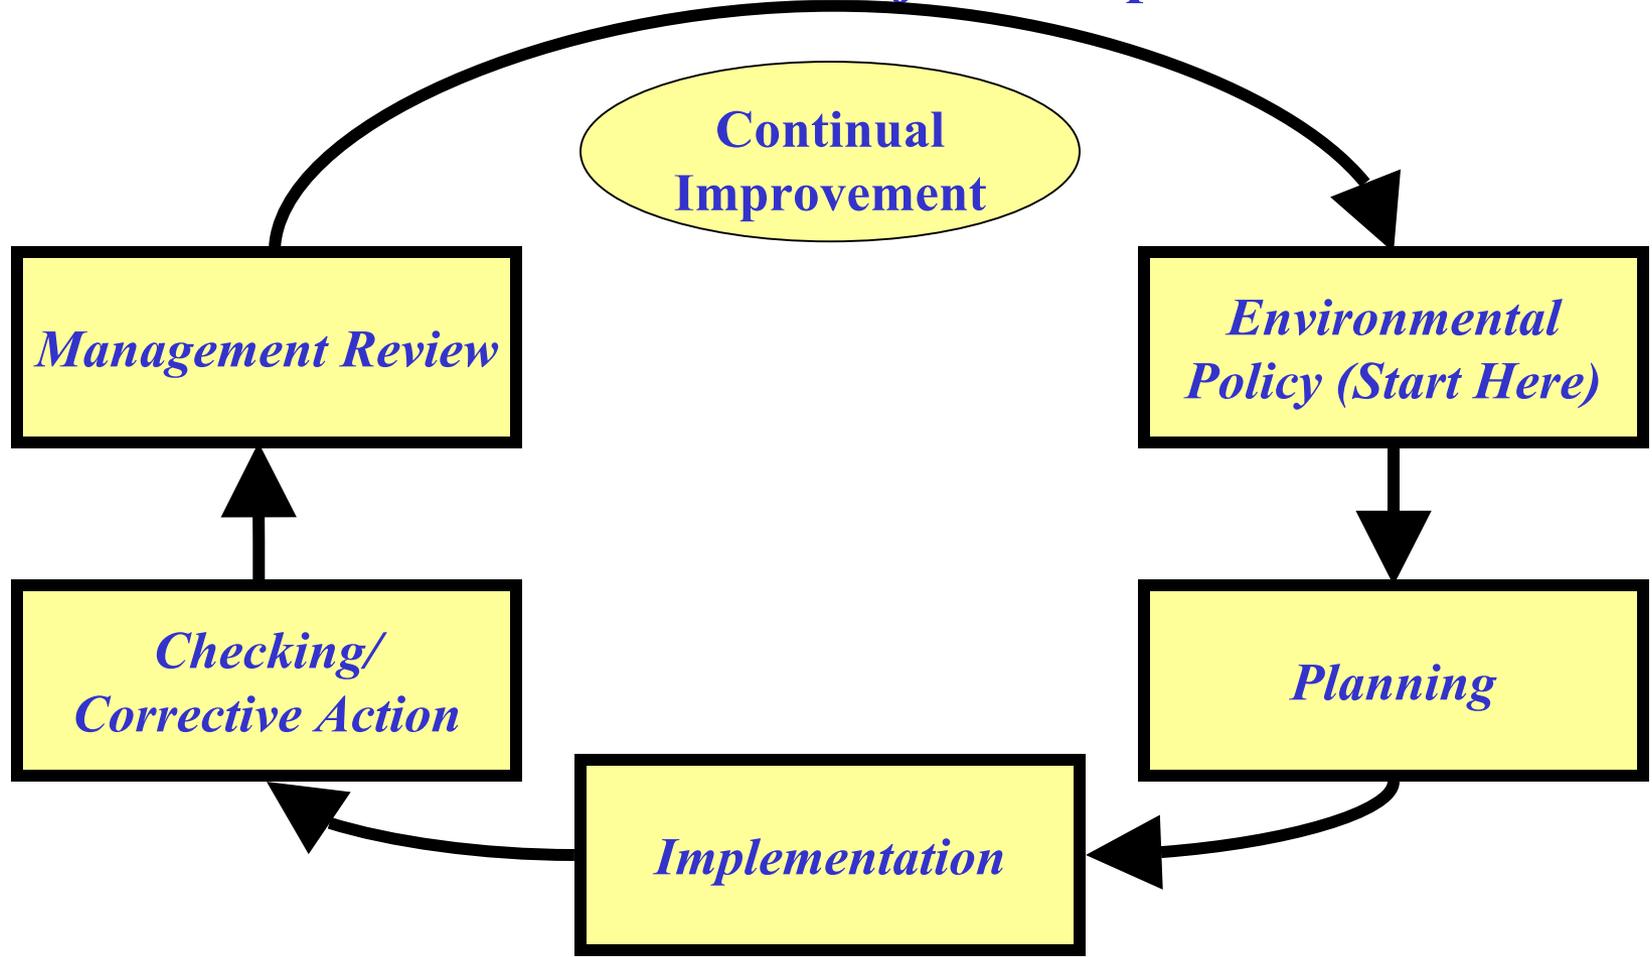

*Deputy Assistant Secretary of the Army*

*ACTION MEMORANDUM*

*13 Jul 2001*

## Vision of Fort Detrick Installation EMS

# Fort Detrick Environmental Management System

## Requirements

- Executive Order 13148
- Department of Army Policy
  - 31 Dec 05 – EMS in place
  - 30 Sep 09 – Full ISO 14001 Conformance

## ***DRAFT*** Army Guidance – Milestones

- 30 Sep 03 – Policy Statement
- 30 Sep 04 - EMS Implementation Plan
- 30 Mar 05 - EMS Awareness Training for Personnel

# Fort Detrick Environmental Management System

## Impacts

- EMS awareness-level training
  - Individual's time to train
  - DCTEE's time and effort
- Cross-functional implementation team
  - Environmental Compliance Officers
  - Time away from regular duties
- Internal process adjustments
- \$750K programmed in Environmental Funds

# Fort Detrick Environmental Management System

## Next Steps

- Near Term
  - Revise Environmental Policy
  - Environmental Office is the EMS Action Office
- Within the year we will:
  - Need personnel from installation organizations for the cross-functional team
  - Incorporate EMS into Installation Strategic Plan
  - Perform Self-Assessment
  - Develop Implementation Plan
