

COMMUNITY INTERVIEWS

Purpose

- **To gather information concerning activities conducted at Fort Detrick that may have led to environmental contamination**
- **To provide a means for the community to be actively involved and contribute to Fort Detrick's ongoing restoration program.**
- **Through community involvement, these interviews will offer community members, former employees, and other workers the opportunity to supply information and knowledge about activities that have occurred throughout the history of the installation.**

COMMUNITY INTERVIEWS

- **Interviews are not being conducted by Fort Detrick employees or anyone working for Fort Detrick**
- **One Stop Environmental, LLC, was awarded a contract through the U.S. Army Corps of Engineers to provide public involvement support and conduct community interviews.**

COMMUNITY INTERVIEWS Status
